

Why choose a Cabanon trailer tent ?

Who is Cabanon ?

Cabanon Trailer Tents are manufactured by CGI Camping which has been producing high-quality tents, trailer tents and folding camper canvasses for more than 40 years and is widely recognised as the best in Europe. This success has been achieved through a policy of innovation combined with a determination to produce only first-class products, using the finest materials, suitably treated to provide the best weather protection, that offer reliability, durability and value-for-money. This philosophy has been maintained in the production of Trailer Tent bodies, which CGI now manufactures in-house at its' purpose built Trailer factory.

Cabanon has a model to suit you

Cabanon has a wide range of Trailer Tents available, from a compact, quick to erect : 2-berth model, which can be used with or without an awning, to a wide bodied 8-berth model, with fully enclosed awning, zipped-on groundsheet, and full height kitchen extension. We are sure you will find a Cabanon model to suit both your pocket and your camping needs.

Cabanon canvasses are the best

A trailer tent is only as good as the canvas that covers it. With Cabanon, only the finest materials from the world's best known manufacturers are used to produce Cabanon canvasses. In addition, CGI employs highly-skilled machinists, who's quality is controlled at every stage of production to ensure that only first-class products leave the factory. A Cabanon canvas is built to last and it won't let you down - especially when the sun isn't shining.

Cabanon Trailer Tents are affordable and durable

Whilst there are no compromises made in the quality of materials or manufacture, Cabanon Trailer Tents represent excellent value-for-money with competitive pricing, affordable accessories and higher re-sale values than most other Trailer Tents. In the long-run, Cabanon is more reliable, durable, and represents better value-for-money, than Trailer Tents made from cheaper materials.

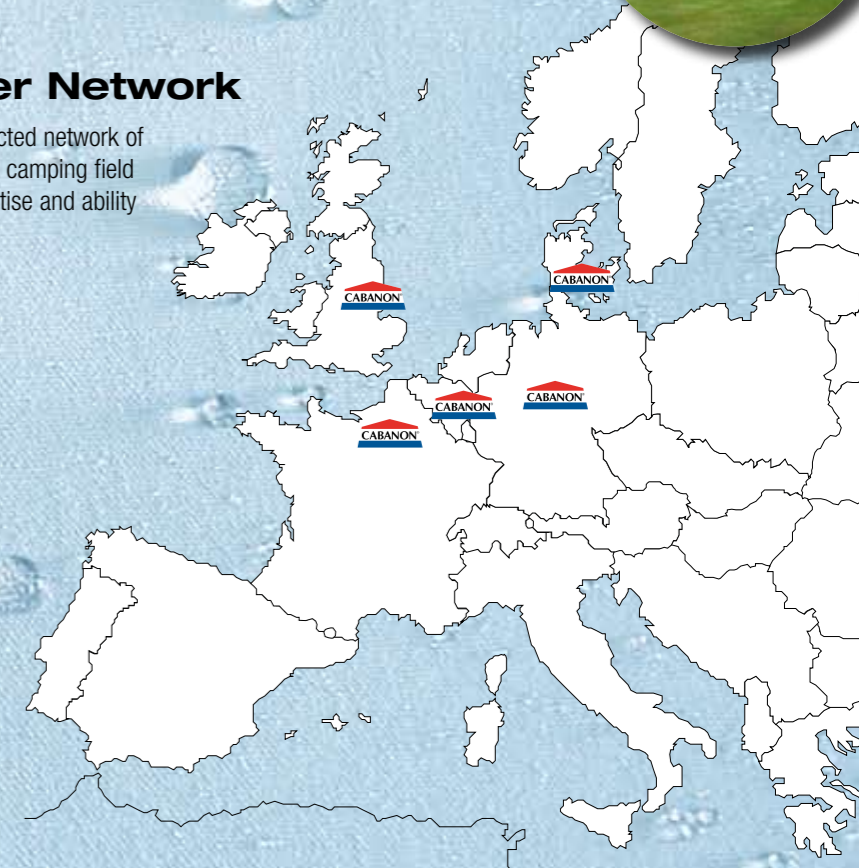

Cabanon has a quality Trailer Body

The quality of the trailer tent body is also very important and Cabanon use only high quality materials such as durable, coated steel panels, water and mildew resistant wood, Alko & RTN axles, strong galvanised chassis, stainless steel Suter kitchens and many other fine components to ensure a long and reliable life for your trailer tent.

Cabanon has the best Dealer Network

CABANON trailer tents are sold exclusively through a carefully selected network of Dealers across Europe. Each appointed Dealer is a specialist in the camping field and has been chosen to represent Cabanon because of their expertise and ability to provide excellent advice, support and after-sales-service.

Trailer Tents are quick, simple and effortless to erect

As you will see from the following sequence of pictures, a Cabanon Trailer Tent is quick and simple to erect. One of the key advantages of the Cabanon system is that the beds operate independently of the canvas. This ensures that the beds, and your bedding, can be kept dry should you need to erect or take down the Trailer when it is wet or raining.

Erecting a Trailer Tent is : Simple, Quick & Effortless

The Trailer Tent and Awning can be erected, with practice, in around twenty minutes. All that remains is to peg it down fully and to fit the roof linings and curtains - it couldn't be simpler !

A selection of our suppliers :

A compact 2-berth trailer tent, complete with 2.35m awning, that is quick and simple to erect and can be used without pegging - ideal for the active couple.

The Venus has one generous bed and ample seating space and is ideal for short breaks or weekends as it can be used without pegging. However, should you wish to use the Venus for longer holidays, or just need more space, then the 2.35m deep, two-piece awning, included as standard, can be fitted. The awning can also take a Tall Annexe, with the side awning panel removed, which is great if you need to accommodate a couple of friends, children or grandchildren.

Venus Standard Features include :

- One 2-berth bedroom (145 x 210cm) with a ventilated front window, with flap, giving a view to the outside, or awning if fitted.
- The standard model is supplied with cabin roof lining, full set of curtains and removable mattress and seat covers. Corner steadies, jockey wheel and spare wheel and carrier are also included as standard.
- A roomy 2.35m awning with zip-out panel - see further details below
- The strong, steel, trailer body, has a seating area and locker storage, built-in drawers and a fully galvanised chassis. Brakes are available as an option.
- The Venus is available either with or without a deluxe kitchen, with two burners, grill, drawers and stainless steel sink.

Venus Standard Awning Features include :

- 2.35m, two-piece, awning which has a patterned acrylic roof, curtains and a kitchen area with large ventilated window and outside flap on the right-hand-side. An awning roof lining is available as an option.
- The left-hand-side panel is removable and, once removed, an optional Tall Annexe, and inner if required, can be fitted to the awning.
- The front panel of the awning may be rolled-up.
- The awning is detachable, and enables the sleeping part of the trailer tent to be used on its' own, if required. This is particularly useful for overnight stays.
- The optional «deluxe sun canopy» can be fitted directly onto the cabin or to the front of the awning.

Awning central height :
225cm
Awning side height :
175cm

Optional Accessories :

- Bed skirt
- Awning roof lining
- Deluxe sun canopy
- Tall annexe extension
- Tall annexe inner tent
- Seat back rest
- Tent tidy

The modern-styled Cabanon STELLAR comes complete with a generous 3.0m awning, with 4 zip-out panels, ventilated windows and doors, and a strong, large gauge, 28mm steel frame.

The Stellar may be used in many different ways :

- with or without the awning
- with awning fitted, and 4 panels removed, to form a sun canopy
- with the awning fitted and a tall annexe or a bedroom annexe, with or without inner tent, on either or both sides.

STELLAR Features Include :

- Two large and comfortable 2-berth bedrooms (145 x 210cm), with ventilated side windows and outside flaps (plastic and cotton). The left-hand bedroom has a ventilated front window, with flap, giving a view into the living area.
- The two front panels of the awning may be zipped out, or zipped down to form a verandah facility (using the optional verandah pole). The two side panels are also removable and, once removed, an optional Tall Annexe, or Bedroom Extension, and inner if required, can be fitted to either side of the awning.
- The standard model is supplied with cabin roof lining, full set of curtains and removable mattress and seat covers. A jockey wheel and spare wheel and carrier are also included as standard.
- The awning is detachable, and enables the sleeping part of the trailer tent to be used on its own, if required. This is particularly useful for overnight stays.
- The strong, steel, trailer body, has built-in drawers and locker storage, and a fully galvanised chassis. Brakes are available as an option.
- The optional «sun canopy» can be fitted to the front of the awning.
- The STELLAR is available either with or without a deluxe kitchen, with two burners, grill, drawers and stainless steel sink.

REVOLUTIONARY TRAILER TENT WITH "DOME-SHAPED" AWNING WITH FULLY ENCLOSED LOUNGE AREA AND ZIPPED-ON GROUNDSHEET

The STRATOS is not available with the Deluxe Kitchen

The striking Cabanon Stratos is a ground-breaking concept in the Trailer Tent market because, in addition to its' unique shape, the awning comes complete with a strong PVC groundsheet which, when pegged and zipped onto the awning around the base, provides a fully enclosed lounge living area completely protected from the elements. The awning also has a useful fixed front canopy.

STRATOS Features include :

- Two large and comfortable 2-berth bedrooms, (145 x 210cm), which provide greater than average headroom, and have ventilated windows and outside flaps to the side and ventilated front windows, with flaps, giving a view into the living area.
- The standard model is supplied with cabin roof lining and curtains and removable mattress and seat covers. A jockey wheel and spare wheel and carrier are also included as standard.
- The strong, steel, trailer body, has built-in drawers and locker storage, and a fully galvanised chassis. Brakes are available as an option.

STRATOS Standard Awning Features include :

- The enclosed awning lounge area, 3.5m deep, has 3 large ventilated windows, with outside protective flaps, and internally-zipped privacy flaps.
- The awning has a fixed 2.0m sun canopy at the front - to which an optional sun canopy may also be fitted
- The tough PVC groundsheet, which is zipped onto the main canvas when erected, is easily removed for routine cleaning.
- The awning front panel can be completely rolled away to provide a huge entrance to the awning
- The awning is detachable, and enables the sleeping part of the trailer tent to be used on its' own, if required. This is particularly useful for overnight stays.

Easy and quick to erect...

... in around 30 minutes !

Awning central height : 220cm

Optional accessories :

- Sun canopy
- Seat back rest
- Under bed tent

STYLISH TRAILER TENT WITH "DOME-SHAPED" ENCLOSED AWNING WITH "PUSH-OUT" KITCHEN EXTENSION AND DELUXE KITCHEN.

Mercury is only supplied with deluxe kitchen, included as standard.

The Cabanon Mercury uses the same concept as that of the Stratos but, in addition, the awning comes complete with "push-out" kitchen extension on the right-hand-side and has a Deluxe kitchen with two burners, grill, drawers and stainless steel sink.

The awning also has a useful fixed front canopy.

MERCURY Features include :

- Two large and comfortable 2-berth bedrooms, [145 x 210cm], which provide greater than average headroom, and have ventilated windows and outside flaps to the side and ventilated front windows, with flaps, giving a view into the living area.
- The standard model is supplied with cabin roof lining and curtains and removable mattress and seat covers. A jockey wheel and spare wheel and carrier are also included as standard.
- The strong, steel, trailer body, has built-in drawers and locker storage, and a fully galvanised chassis. Brakes are available as an option.
- **The MERCURY is supplied with a deluxe kitchen, with two burners, grill, drawers and stainless steel sink.**

MERCURY Standard Awning Features include :

- The enclosed awning lounge area, 3.5m deep, has 3 large ventilated windows, with outside protective flaps, and internally-zipped privacy flaps.
- The awning has a push-out kitchen extension on the right hand side and a fixed 2.0m sun canopy at the front - to which an optional sun canopy may also be fitted
- The tough PVC groundsheet, which is zipped onto the main canvas when erected, is easily removed for routine cleaning.
- The awning front panel can be completely rolled away to provide a huge entrance to the awning
- The awning is detachable, and enables the sleeping part of the trailer tent to be used on its' own, if required. This is particularly useful for overnight stays.

- Sun canopy
- Seat back rest
- Under bed tent

WIDE BODIED TRAILER TENT THAT HAS A “DOME-SHAPED”
AWNING WITH FULLY ENCLOSED LOUNGE AREA, ZIPPED-ON
GROUNDSHEET AND KITCHEN EXTENSION.

The new Cabanon NEPTUNE has a wide trailer body, 5ft, and comes complete with a strong PVC groundsheet that, when zipped onto the awning around the base, provides a fully enclosed lounge living area completely protected from the elements. The awning also has a push-out extension to accommodate the quality kitchen with 3 burners, grill and sink.

NEPTUNE Standard Features include :

- Two larger-than-average 2-berth bedrooms (165 x 220cm), with ventilation in both. Each bedroom also has a ventilated front window, with flap, giving a view to the outside, or awning if fitted.
- The deluxe kitchen, included as standard, has three burners, a grill and stainless steel sink
- The standard model is supplied with cabin roof lining and curtains and removable mattress and seat covers. A jockey wheel and spare wheel and carrier are also included as standard.
- The strong, steel, trailer body, has built-in drawers and locker storage, and a fully galvanised chassis. Brakes are available as an option.

NEPTUNE Standard Awning Features include :

- The enclosed awning lounge area, 3.5m deep, has 3 large ventilated windows, with outside protective flaps, and internally-zipped privacy flaps.
- The awning has a push-out kitchen extension on the right hand side and a fixed 2.0m sun canopy at the front - to which an optional sun canopy may also be fitted
- The tough PVC groundsheet, which is zipped onto the main canvas when erected, is easily removed for routine cleaning.
- The awning front panel can be completely rolled away to provide a huge entrance to the awning
- The awning is detachable, and enables the sleeping part of the trailer tent to be used on its' own, if required. This is particularly useful for overnight stays.

Shown with optional Sun Canopy

The deluxe kitchen, included as standard

Awning central height : 220cm

Optional Accessories :

- Sun canopy
- Seat back rest
- Under bed tent

Deluxe kitchen (DL)
Equipped with 2 burners and grill, 2 drawers and a stainless steel sink, the DL kitchen unit can be quickly and easily attached to, or detached from, the rear of the trailer using 2 sliding rails. Kitchen shown with optional shelf.

Braked hitch assembly with Small Moulded Fridge/Storage Box.
Fridge box internal dimensions - 44cm (front h) x 48cm (rear h) x 44cm (d) x 58cm (front w) x 65cm (rear w).

Additional inner tent
A 2-berth inner tent to provide extra overnight sleeping space in the lounge area of the trailer tent.

Free standing wardrobe
Suitable for use in several Cabanon trailer tents to provide extra storage for clothing. Made in poly-cotton, with adjustable tubular legs, garment rail and wooden, off-the-floor base. The wardrobe is attached to the awning frame using clips.
Dimensions : 170cm(h) x 50 cm(w) x 50cm(d).

Under-bed tent
A 2-berth sleeping tent, ideal for the kids, that can be quickly and easily fitted under the bedboards of all Cabanon trailer tents.
Dimensions : 67cm(h) x 120cm(w) x 190cm (d).

Side awning frame A08810
2 upright poles and a Y-shaped adjustable roof section which converts a zipped side panel into a useful sun canopy.

The kitchen can also be used whilst still attached to the trailer, which is ideal for a quick meal en-route to your destination.

Carry rack - max. Carrying capacity 45kg. Cycle brackets etc not included.
