# Quick setup – 3 simple steps

Three simple steps and a matter of minutes – and you're ready to enjoy your holiday. A built in spring system means one person can open a Camp-let with no need for additional assistance.

1 The built in kitchen swings out - all kitchen models can be used en-route.

2 The trailer opens up. A practical spring system helps you open and close the trailer.

3 The large awning and sleeping compartments open in a single movement.

## Choice of kitchen

### STANDARD

If you want more tent space and like to use the kitchen in the campsite, you can choose that your Camp-let does not need a kitchen.

### ALLROUND

The All-round kitchen has two gas burners, a large worktop, sink, tap, water bottle and storage space for tableware and utensils.

### DELUXE

The Deluxe kitchen is a luxury kitchen with a large worktop, 2 gas burners, sink, tap, water bottle, storage compartment and practical pull-out drawers for cutlery and other kitchenware.
