# Welcome to The World of Camp-let

**45** years  
1969 - 2014  
45 years with some of the best,  
most practical and award-  
winning trailer tents in the  
World.

## Time and freedom for all kinds of fun

A Camp-let gives you the chance to enjoy camping at its best. Without skimping on luxuries such as a kitchen, high-quality beds, a large lounge, plenty of luggage space – and much more besides. The com-

pact size facilitates easy handling and a clear rear view, while storage requires less space.

A Camp-let is designed to be as easy as possible to set up and pack away again, leaving you time for all the fun things you want to do on your holiday.

## Quick setup – 3 simple steps

Three simple steps and a matter of minutes – and you're ready to enjoy your holiday. Gas-assisted open-

ing means one person can open a Camp-let with no need for additional assistance.

**1.** The built in kitchen swings out - all kitchen models can be used en-route.

**2.** The trailer lid opens up. A practical gas-assisted opening helps you open and shut the trailer.

**3.** The large awning and sleeping compartments open in a single movement.

## 5<sup>th</sup> generation

Camp-let 5th generation - a recently developed range which combines many years of experience with input from loyal customers and suppliers.

### New trailers and many tent details

The new trailer is aerodynamically designed to make your journey more economical and eco-friendly. The trailer also offers increased luggage space with fine-tuning of the kitchen functionality.

The integrated aluminium roof bars give you the option of easily fitting optional extras as required.

In cooperation with Isabella the camp-lets now come with a quality acrylic material which is breathable and through vigorous testing will provide a longer lifespan as well as an ideal indoor climate whatever the weather.

The camp-let range of tents offer a host of new ventilation and storage options, to make your holiday even more comfortable.

**“This product brings freedom”**

“Our goal is and always has been to create a product that gives our customers the freedom and ability to enjoy their holiday to the maximum.”

Hans Jørn Nissen, Director

## Environment and economy – hand in hand

- ✓ Minimum additional fuel consumption
- ✓ Low weight – easy to tow
- ✓ Low profile – a clear rear view
- ✓ More comfortable to tow than a caravan

Whilst towing a Camp-let you have an unobstructed rear view, only a slight increase in fuel and the low towing weight (250 kg - 275 kg) means the vast majority of cars can tow one.

# Clever details – to make life a little easier

**Comfortable sofa** | The bed in the sleeping compartment on the left can be rapidly converted into a comfortable sofa – if there are only two of you, there's plenty of room for luggage behind the sofa.

**Luggage space and pockets** | Clever details – luggage space beneath the Camp-let and pockets in the sleeping compartments make day-to-day living in the tent much easier.

**Ventilation** | Many practical ventilation options offer a pleasant indoor climate, even on hot days.

**Quality kitchen** | Kitchen with sink, electric water pump, three gas burners, non-slip surface in the storage compartments and generous workspace on the specially developed worktop.

**A helping hand** | Practical gas-assisted opening help to open and close the trailer. The gas spring means one person can easily handle setting up.

**Storage after your holiday** | Using a storage bracket, the trailer is put upright and can be pushed into the garage. For details of the storage bracket, see optional extras.

# Basic and Basic+ 2-4

Camp-let's basic models, Basic and Basic+, give you plenty of space for all the family. Basic is very compact when the trailer is closed, yet spacious and practical when the tent is erected. The 17 m<sup>2</sup> tent space includes two double sleeping compartments and a nice livingroom. For optimum quality and longevity - the canvas is doubled around the tentpoles and the most vulnerable points are reinforced.

Choose between Basic and Basic+. Basic is supplied without a kitchen, while Basic+ has the same kitchen as the Classic with three stainless steel gas burners, a 13 litre water tank, electric water pump, kitchen sink and generous worktop.

Basic+ gives you a standard kitchen with ample storage capacity and working height.

<b>Area</b>	17 m <sup>2</sup>
<b>Unladen weight</b>	250 kg

## “Our best investment”

“Instead of taking a charter holiday abroad, we bought a Camp-let, and we’ve never regretted it. In the four years we’ve had our Camp-let, we’ve spent countless hours of fun in it with our family and friends.”

Anne-Mette, Ralf, Mia and Bella, Kolding – Denmark

Classic is equipped with Camp-let’s standard kitchen, which has 3 gas burners and a generous worktop, etc.

Classic offer excellent expansion options. Guest annex with 2 extra berths, sun canopy for shade and side and front screen to provide shelter from the wind.

# Classic

 4-6

Camp-let Classic is the ideal trailer tent for people who like a little extra pampering and holiday comforts. Thanks to the 18 m<sup>2</sup> tent, there is plenty of room for a family of four. Classic has a built-in kitchen with 3 stainless steel gas burners, a 13 litre water tank, electric water pump and kitchen sink. Classic is equipped with a specially-developed breathable acrylic canvas.

Are there more than four of you travelling together? No problem. You'll never run out of space with a Camp-let Classic. Just add a guest annex, a sun canopy and a reversible side and front screen. The tent offers effective ventilation options, comfortable high density foam mattresses and, like all Camp-let models, Classic is 100% rustfree.

<b>Area</b>	18 m <sup>2</sup>
<b>Unladen weight</b>	250 kg
<b>Load capacity</b>	250 kg
<b>Dimensions when closed</b>	323 x 160 x 95 cm
<b>Dimensions when open</b>	569 x 400 cm
<b>Bed dimensions</b>	140 x 200 cm
<b>Colours</b>	Light grey/dark grey
<b>Canvas material</b>	Acrylic

Strong PVC bucket groundsheet creates a dry, warm awning and reduces bugs. Easy to fit with strong and ultra-reliable Velcro.

The new, aerodynamic trailer keeps wind resistance down and fuel consumption low, while allowing generous luggage space for all the family.

## "A perfect holiday with children"

"On our camping trips, we felt we needed something simple, comfortable and spacious – and the Camp-let is all those things. Our two children love it – and the dog can even come too."

Gitte and Tue Sørensen, Agerbæk – Denmark

Premium offer deluxe kitchen. Generous worktop, storage compartment and practical drawers for cutlery and other kitchen utensils. All kitchen models can be used en-route.

Premium give you a world of expansion options. Guest annex can be added on both sides of the tent, and a large awning or sun canopy at the front. Alternatively, the sun canopy can be fitted after the awning.

# Premium

Camp-let Premium is elegantly designed and well-thought-out down to the last detail. The Premium tent has been tested through several seasons and can therefore be designated as top rate in our range of tents. The breathable acrylic material with solution-died fibres gives the tent a pleasant indoor climate as well as optimum durability.

Premium gives you luxury and clever details, such as ventilation on both sides of the tent, pelmet with pockets, wardrobe rail, covered zip, luggage space beneath the Camp-let – and much more besides.

<b>Area</b>	18 m <sup>2</sup>
<b>Unladen weight</b>	275 kg
