The team for technical assistance guarantees you a prompt delivery of more than 10,000 spare parts. If you want to get the best quality and an excellent after-sales service, choose Fiamma products.

INNOVATION

Fiamma grants you a range of superior quality accessories always innovative. Fiamma has development and research departments where avant-garde technologies join our Italian design and the environment respect.

Fiammastore

**The First Choice for your motorhome, caravan and van.
The strong awning that can be enhanced
by a complete range of front and side panels.**

You can trust Fiamma, we invented the RV case awning. With the awnings from Fiamma you can double the living space of your vehicle in less than one minute and enjoy a cool and covered open space. Ideal also in case of light rain with a rafter tube to allow for open windows and air circulation in your vehicle. Also, wet gear can be taken off before entering the vehicle, leaving you with less to clean up. Our awnings combine state of the art technology with the original Italian Design for an elegant, durable and affordable awning.

The exclusive features from Fiamma
The Fiamma Awning is built using the latest technology,
in our ISO 9001 certified factory, in Cardano al Campo, Italy

Italian Design

ITALIAN DESIGN

UPGRADING

ITALIAN DESIGN

A team of expert designers and engineers studies and develops the whole range of Fiamma products working together to ensure the highest level of innovation combined with the most elegant Italian Design.

UPGRADING QUALITY TESTING

During the planning phase, the Fiamma team creates new accessories and evolves products whilst always focusing on the compatibility of the existing range to allow for an even greater flexibility and ease of use.

SAFETY

AUTO-LOCK

DUAL SECURITY

AUTO-LOCK

Fiamma manufactures the only awning with a silent opening thanks to the German TÜV certified Auto-Lock self-locking winch safety system, with its exclusive Syncro long life Aluminium mechanical parts that offers you a quality product vastly superior to other comparable noisy hook release mechanisms on the market.

DUAL SECURITY

The security of Fiamma awnings is also guaranteed by the Dual Security system. It is a special device to indicate the correct closure of the front bar to the case by two small plastic flags inside the side end caps.

COMFORT

SECURE LOCK

SUPPORT ARMS

SECURE LOCK

The telescopic system of the legs with manual locking allows the regulation of the lead bar height. With this system, the universal height regulation allows you to set the awning at the most comfortable height for your needs.

SUPPORT ARMS

The Fiamma Awnings have a dual fixing possibility for its incorporated legs:
Wall: the legs are fixed with standard delivered Wall Bracket Kit.
Ground: the legs can be fixed with the standard delivered Pegs.

QUALITY

EXTRA-STRONG ARMS

Highly resistant reinforced articulated arms with a strong 3,5 mm cable wire. They are proof tested to more than 10.000 cycles of opening and closure and can maintain a steady fabric tension up to 32Kg. The fixing of the arms with double bolts system, certified Double Block®, grants more stability and ease of regulation.

DUAL SHOCK-ABSORBER

Only Fiamma Awnings have the Dual Shock-Absorber. It's a special brackets that protects both the awning and your vehicle.

EXTRA-STRONG ARM

DUAL SHOCK-ABSORBER

INNOVATION

TOP QUALITY FULL COLOUR AWNING FABRIC

All Fiamma Awning fabrics are printed on the whole extension in 5 vibrant colours and are sealed for a high resistance to water: there are no seams on the fabric which might weaken the fabric and allow the water to pass through. Each canopy is carefully checked during the production stage to ensure the best quality for you.

PRESTO FIX®

The Fiamma Awning is the only awning with a new adjusting system that enables you to gauge the closing of the front bar if, over a period of time, one side should stop closing perfectly due to fabric and arms movement.

● Standard ● Optional

All the Fiamma canopies are sealed for a perfect resistance to water.

All canopies are printed on both sides. The outer layer is highly protected to allow complete and easy cleaning and care.

The classic multicoloured canopies without seams. The Fiamma canopy fabric guarantees higher resistance to UV rays. It does not fade in the sun and the absence of seams allows high resistance to water and tearing. It is flame-retardant, can be rewound when damp, is light-resistant, rot- and waterproof.

MOTOR KIT 12 V

European Patent 20 07013882
German Utility Model 20 2006 012 081.5

Fiammastore

Motor Kit 12V

Motorise your awning

Exclusive: Only Fiamma offers you the optional Motor Kit 12V that can be installed on your awning even after mounting.

The Motor Kit also allows manual opening and closing in override mode. The standard Motor Kit extends the total length of the awning of about 13cm; while the integrated Motor Kit doesn't add to the total length of the awning.

The motors for Awnings F45 S Left are only suitable for awnings with the winch on the left side.

Motor Kit for Fiamma F45 S, F45 Ti L and F65.

All Fiamma Motor Kits can be equipped separately.

Manual Override Mode

Motor Kit also allows manual opening and closing operations.

Motor Kit Integrated Override

The winch (A) allows manual emergency opening of the awning.

Control System for Motor Kit and integrated Motor Kit
Control System (for all Motor Kit models) supplied as standard.

Motorise your awning with the integrated Motor Kit for Fiamma F45 Ti L and F65 S. The original awning with the 12V tubular Motor Kit.

The integrated Motor Kit for Fiamma F45 Ti L and F65 S

Fiamma Motor Kit 12V can be installed on your awning F45 Ti L (09) and F65 S, without extending the total length of your awning.

The integrated Motor Kit can be easily installed by taking out the cap with the manual winch.

The winch (A) allows for manual emergency override opening. Control System standard delivered.

FIAMMA F65S

The compact awning of the new generation

The innovative F65 S is the new generation Fiamma roof awning which integrates elegantly onto your vehicle without overhanging.

Thank to its compact and curved dimensions it's smaller and lighter while giving you the greatest shade. Solid end covers in aluminium. Available in three external finishes: Polar White, Titanium or Deep Black. Optional: Motor Kit Integrated 12V that can be installed inside the roller, without extending the total length of your awning.

The roof awning with compact dimensions: strong structure, low weight!

German Utility Models: 20 2006 00326.3 - 20 2008 002026.3
European Design Patent 1063978

Solid end covers in aluminium.

FIAMMA ZIP®

The only automatic awning complete with front and side panels and ZIP fasteners

Quickly double your living space with the patented Fiamma ZIP.

German Patent 197 26 712, German Utility Model 202008002026.3, European Design Patent 991062

Exclusive Fiamma patent!

Enjoy the most of your free time with the easy and strong unique Fiamma ZIP combination of awning and enclosure for the most perfect fit. The innovative Fiamma ZIP system joins the side panels to the fabric of the awning with two special sturdy YKK zippers. The awning is transformed into a completely enclosed room in a few minutes.

Standard delivered with:

- The awning (based on F45 S)
- Installation brackets (Kit AS)
- 1 front panel with door and window with mosquito net.
- 2 side panels with windows with mosquito net.
- Rapid Set aluminium tension poles
- Central tension rafter (p.51),
- Vehicle skirting (p.49),
- Curtains for the three windows
- Storage bag Mega Bag (p.59).

High-quality YKK zippers.

The only awning on the market with the fast mounting integrated enclosure.

All windows with transparent opening and mosquito net.

The window can be closed thanks to the two side zippers and the Velcro on the lower part for a tight fit. Complete the enclosure with the standard delivered curtains to complete your personal privacy.

PRIVACY[®] ROOM

Italian
Design

The Fiamma Privacy Room is the only enclosure that allows full aeration on all windows.

With the Privacy Room you can transform your awning into a comfortable living area.

The side panels are quickly put together with the exclusive patented Clip System S that combines the awning fabric with the sides.

No other fixing system is as stable as the Fiamma Clip System S.

A protective sponge is fitted, vertically, on the back part of the side panels along the support pole to guarantee you a close fit.

The front panel is inserted in the front rail of the awning and with the ZIP it is joined with the side panels.

Standard delivered with:

- Front Panel*
- 2 Side Panels*
- Door Panel (usable left/right)
- Clip System S installation (p. 31)
- Support Poles
- Curtain Kit Ocean
- Mega Bag

* all sides come with the patented crystal window and the mosquito net.

**Easy and sure to install:
it doubles your living space !**

German Utility Models: 202 12 998.5 - 20 2005 008 237.6, 20 2008 002026.3 European Design Patent 991062

All the windows can be opened and come with mosquito screens.

The lead bar slides into the front bar guide.

The Kit Privacy O allows the installation of the Privacy[®] Room on Omnistor 5002 and 5003 awnings. Kit delivered as standard.

Standard delivered with Clip System S bars with interior adjustment.

The door can be placed in the left-hand side.....

....and easily moved on to the right hand side!

The light Fiamma enclosure

The light version of the Privacy Room enclosure.

Made of durable weather resistant grey polyester that once folded up, takes up little space.

It's standard delivered with the new Fiamma Clip System S Light with Quick Lock handles to easily fasten to the front of the awning.

The two side panels are provided with roller blind and mosquito screens for good ventilation.

The front panel slides in the front rail of the roller tube and thanks to the auto-lubricant zippers fastens easily it to the lateral panels.

The door can be moved to left or right-hand side.

The side panels stick to wall of the vehicle with the standard delivered elastic ropes, provided with quick hooks.

It can be used complete with the optional Tie Down S (Page 59). Standard delivered with Mega Bag Light and the elegant Ocean curtains in plain blue for the front window. Suitable for Omnistor 5002 and 5003 awnings too.

Standard delivered with Mega Bag Light.

Standard delivered with Curtains Kit Ocean (2 pcs.) for the front window.

Kit Poles Light,
optional available.

Sun View Side F45

Combining a Blocker with 2 Side W Pro you can easily create your Privacy, doubling the space at a cheaper price.

New Blocker Pro and Side W Pro for VW T5 with Fiamma or Omnistor awnings.

Elegant, nice-looking and really affordable. The only awning for caravans and minivans with tubular rewind for wrinkle-free fabric.

The wall rafter support kit. is standard delivered and provides safe support for the awning rafter to prevent damage to the vehicle wall.

EXCLUSIVE 100% ROUND FRAME

100% STRONG

Sturdy aluminium closed roller of bigger size Caravanstore® is the only awning with the fantastic benefit of having the Round-Frame roller tube in aluminium on which the fabric is wound.

The Fiamma Caravanstore® is the most compact awning
The awning's rafters and rods fit inside the aluminium roller-tube. No vibration when travelling and no loose parts fall out when opening the bag.

Caravanstore® The light awning.

The first easy to use, sturdy and lightweight bag awning

The Fiamma Caravanstore® is easy to use and install: it takes only seconds to roll it out completely. Simple and essential, Fiamma Caravanstore offers excellent shelter from sun. The legs are inside the rollertube and is standard delivered, easy to take out and install as it is articulated and telescopic, so they cannot fall down or be lost.

For those reasons the Caravanstore is the favourite. Inside the bag you can find also the wall fixing kit.

The larger roller can be rolled-up in both ways. It is enough to undo one screw in order to disassemble the legs and replace the fabric for quick and easy maintenance.

Caravanstore® The fabric is perfect and always wrinkle-free

It is wrinkle-free even after long storage and in just a few seconds it is just like new, ready to give shade. Thanks to its wide roller the Caravanstore® is easy to unroll and roll up and above all the fabric is wrinkle-free! The exclusive system allows the roller to roll-up in both ways (photo 2).

Standard delivered with the valence Shade, in the same fabric colour. 28cm high. It slides in the front rail of the roller tube. Shade is also available as optional (see page 47).

**The original bag awning is produced only by Fiamma!
It is impossible to loose pieces: few pieces, less weight.**

KIT HOBBY CARAVANSTORE

Supplementary kit to fix the Caravanstore on new Hobby caravans.

Item No.	
98655-034	

The inexpensive awning for caravans, easy and quick.

How to install the Sunstore:

Once dismantled, the awning takes up very little space, so the transport is very easy. Standard delivered with the transportation bag. The legs slide into the roller tube and quickly the canopy is rolled up.

The frontal tube in sturdy aluminium, is composed by two pieces that are connected together by an aluminium joint for a very quick installation.

Sunstore®, the simplified and very cheap awning for caravans, that takes up very little space

New ultra light awning for caravans, it can be easily dismantled and takes up very little space when travelling.

Simplified version of the Caravanstore: dismantled, the frontal tube is divided in two pieces and it's easy to put back inside the caravan.

The installation is very quick, you have to insert the fabric into the rail of the caravan and you have to fix the frontal tube, made of light but sturdy anodized aluminium, directly on the fabric.

Complete with two legs, that you can put back inside the roller tube and with a central tension rafter, all telescopic and made of anodized aluminium.

Thanks to the fastening clips, you can quickly roll the awning up on the wall of the vehicle, it takes up very little space, it sticks out only 7 cms.

The awning must be taken off before traveling.

It can be used with one or more tension rafters or coupled with Blocker frontal panels or Shade.

Optional available the valence Shade. 28cm high. It slides in the front rail of the roller tube.

New and exclusive awning, essential for your caravan.

Rafter Caravanstore standard delivered.

PATIO-MAT

German Utility Model 20 2010 008 355.9

NEW

The essential accessory for your awning and Privacy-Room®.

Now with bands for pegs and the elegant border along the perimeter.

Patio-Bag optional.

The essential accessory for your awning and Privacy® Room

Available in 4 lengths from 2.90 to 4.40 to better adjust to your awning. The Patio-Mat is made of small resistant polypropylene pipes, allowing the air to pass through leaving the carpet really light and easy to carry. It is easy to clean by removing the dirt from the surface and washing with water, can be left to dry in the open. Patio-Mat is UV resistant and maintains its colour and the technical features over time. You can use your Patio-Mat with full peace of mind: it is flame retardant. Complete with bands at the tips to fix it to the pegs in case of wind (pegs not included). Available in 4 lengths. Optional: handy travel bag made of transpiring material, with straps for easy transport. Washable. The double face design allows the use of both sides of the Patio-Mat. It comes complete with bands at the tips to fix the mat to the ground through optional pegs.

MAGICRAFTER® PRO

German Utility Model 20 2009 005 082.3

The innovative model of the Fiamma universal and telescopic Magicrafter Pro. It comes complete with two special brackets to fix in the knuckles of the arms in order to keep the fabric in tension. The perfect tool to avoid the water poolings caused by the rain and the noisy flapping of the fabric in the wind. It doesn't ruin the fabric. Easy to install. When not in use it takes up little space. It's made of a sturdy anodized aluminium tube.

It also fits awnings of other brands. Limit usage at high temperatures. *Available in two versions:*

- Standard, for awnings from 350 to 450 cm.
- XL, for awnings from 500 to 550 cm.

Model	Item No.
Standard	98655-847
XL	98655-857

MAGICRAFTER®

Innovative universal telescopic Rafter in anodized aluminium.

It is easily installed by hooking the ends onto the awning arms, while keeping them tight to avoid bending. It also fits awnings of other brands.

Available in two versions:

- Standard, for awnings from 250 to 400 cm
- XL, for awnings from 450 to 500 cm.

Model	Item No.
Standard	98655-716
XL	98655-717

RAFTER PRO

Curved tension rafter eliminates water pooling and noisy flapping of fabric in the wind.

The tension Rafter Pro is easy to install without damaging awning. It keeps the fabric tight, eliminating water pooling from rain and any noisy flapping of the fabric in the wind. Also, there is more clearance for the your vehicle door. The Rafter Pro is made of two sturdy anodized aluminium telescopic bars. Ideal for awnings with extension up to 250cm, it adapts from in length from 144 to 265cm in length.

Complete with rubber ends so it can be installed on other awning brands. Limit usage at high temperatures as it may affect the fabric tension.

German Utility Model: 297 17 092

Item No.

03616A01-

RAFTER

Tension rafter in aluminium to keep the fabric in tension.

Strong tension rafter made of anodized aluminium supplied with special wall clips for a handy storage inside the vehicle.

Adjustable length: 142-265 cm
Suitable for extensions up to 250cm.
Complete with rubber ends so it can be installed on other awning brands.

For awnings F45 Ti L, ZIP L and F65 / F65 S till 2010 the suitable rafter is Rafter L (consult your dealer).

Carry-Bike

CARRY-BIKE®

Carry-Bike exclusive features:

Each Carry-Bike with this symbol is approved by TÜV/GS, the certified German Quality Test Institute with the toughest and most respect automotive standards.

Carry-Bike Pro has a patented telescopic rail support Zoom-4-Bikes with a thicker rounded tube, reinforced elements in stainless steel and aluminium.

Fiamma Carry-Bike has the Bike-Block Pro, fixing kit for bicycles, anti-scratches, safer and easier, for all tubes with diam. ranging from 30 to 80mm.

Fiamma Carry-Bike uses highest quality choice anodized aluminium rounded tubes. For even greater resistance and capacity, several Fiamma Carry-Bike models use an improved, extendable rounded frame.

To improve the ease of carrying multiple bikes at the same time, you can offset the rails on your Fiamma Carry-Bike. All rails are mechanically fixed by means of rustfree inox screws to avoid movement.

Fiamma Carry-Bikes with this logo are standard delivered with the Quick-Safe safety straps to safely mount and block the wheels on the bike carrier rail. Easy release for immediate opening.

Every Carry-Bike comes standard delivered with two rails. Each symbol indicates the maximum number of rails that can be fitted. Fiamma Carry-Bike fits up to 4 bikes.

All Carry-Bike have the double reinforced bike carrier rail and the safety strap Quick-Safe. Some models standard mount the innovative and exclusive Rail Premium.

The Fiamma Carry-Bikes with this symbol are equipped with the Bull Shock Absorber system for the best and most reliable shock and vibration absorption during travel.

Fiamma Carry-Bikes are manufactured using only long life stainless steel screws.

Each wall mounted Carry-Bike has the Rack Holder blocking system for added security when not carrying any bikes.

Fiamma Carry-Bike are manufactured following the strictest TÜV/GS guidelines, for this reason it is preferred by many OEM manufacturers who preinstall the original Fiamma brackets on their vehicles.

Range of coloured Bike-Block holders for your Pro/Pro C Carry-Bike

Grey: optional version available upon request. *

Black: optional version available upon request.*

Blue: optional version available upon request. *

* These versions are made on special request, for availability contact your dealer.

EXCLUSIVE CARRY-BIKE PRO LINE

Carry-Bikes are produced at our factory in
Cardano al Campo, in Italy, using the latest technology

The Carry-Bike Pro is recommended by expert campers.

German Patent: 44 27 450.5

Patented telescopic rail support.

ZOOM 4 BIKES

The Carry-Bike Pro is recommended by industry experts because it is the strongest bike carrier on the market. Its solid telescopic rail support offers the best way to fasten it to the motorhome wall. It is the only one with patented ZOOM 4 BIKES rail support.

To offset the position of the bikes, most Fiamma Carry-Bikes can install staggered rails. The rails have a mechanical blocking system to avoid the rail moving during travel.

Exclusive Carry-Bike Pro Line.

Patented telescopic rail support. The only rail support structure with a thicker rounded tube. Rail support structure with reinforced points in stainless steel and reinforcement inserts in aluminium. Exclusive and patented Bull Shock Absorber to guarantee maximum vibration resistance.

Carry-Bike

BULL - SHOCK ABSORBER

The strong and reliable
Bull Shock Absorber
for a safe and quiet journey.

UPPER BRACKETS
Elegant and discrete covers
for the upper brackets,
standard delivered.

Be always on the safe side!

Fiamma Carry-Bike are manufactured following the strictest TÜV/GS guidelines, for this reason it is preferred by many OEM manufacturers who preinstall the original Fiamma brackets on their vehicles. These tests are very strict and are updated to comply with current legislations.

BEWARE: There are copies of Fiamma Carry-Bike bike carriers by other manufacturers that sometimes are installed to the original Fiamma fixing brackets. For the security of people who travel, Fiamma highly recommends you to verify that only the original Fiamma Carry-Bike with the TÜV/GS label is mounted on the preinstalled Fiamma fixing brackets.

German Utility Model: 20 2004 008 369.8
German Patent: 198 39 919.7-21
European Patent: 05 011 144.2-2421

CARRY-BIKE® PRO C

The compact, classic and universal bike carrier

The short version of the Pro line is installed under the rear window while still allowing it to open.

The Carry-Bike Pro C can be installed on all types of motorhomes.

It is highly recommended by experts in the industry as the strongest bike carrier on the market.

Delivered with patented Zoom-4-Bikes strengthened rail support that can carry up to two additional rails.

Carries up to 60 Kg.

Supplied with:

- 2 Rails Quick,
- Bike-Block Pro 1 & 3,
- 2 Rack Holder
- Security Strip.

Special version "N" available, supplied without upper and lower fixing kits, as these brackets are already preinstalled on the vehicles Sea 08, Chausson, Challenger and MC Louis.

The Carry-Bike Pro C allow for an effortless opening and closing of the rear window.

The telescopic bike carrier

The longer version of PRO Line allows highly adjustable upper structure for better stability.

The Carry-Bike Pro is recommended as the strongest bike carrier on the market with telescopic structure in rounded tube that is easily adjustable from 80 to 150cm in height to fit different installation possibilities. Delivered with patented Zoom-4-Bikes rail support that can carry up to two additional rails. Carries up to 60 Kg.

Supplied with:

- 2 Rails Quick,
- Bike-Block Pro 1 & 3,
- 2 Rack Holder,
- Security Strip.

Special version "N" available, supplied without upper and lower fixing kits, as these brackets are already preinstalled on the vehicles Sea 08, Chausson, Challenger and MC Louis.

CARRY-BIKE® LIFT 77

The only Carry-Bike Lift with security belts that carries up to 4 bikes

This unique Carry-Bike is the only one on the market TÜV approved that enables the winch system to lower as much as 77cm, thereby enabling the bikes to be loaded easily. No accidental unhooking thanks to the Extra-Large safety straps which carry up to 60 Kg. Thanks to its easy to operate winch mechanism and crank handle, it lifts and lowers the bicycles conveniently and without effort. It is made of sturdy galvanized aluminium tubes \varnothing 35mm with steel screws. Wall fixing points with vertical wheelbase from 68 to 108 cm. It comes delivered with two rails, can be fitted for up to four bikes. Supplied with:

- 1 Handle,
- 2 Rail Quick Red,
- 2 Bike-Block Pro Red (1 and 3),
- 2 Rack Holder,
- 1 Security Strip.

Carry-Bike

The unique bike carrier that enables the winch system to lower as much as 77cm. Ideal for transporting two electric bikes.

New sliding and adjustable Rail Premium S

Rail Premium S is standard delivered with the following Carry-Bike models:

- Carry-Bike Premium SC
- Carry-Bike Premium S

Model	Item No.
Rail Premium S	98656-656
Kit Premium S	98656-681

RAIL PREMIUM S

New elegant rail with increased structure, 128 cm long.

The rail runs along the Carry-Bike rail support, the wheelbase among the bikes is adjustable in both ways, enabling you to easily and perfectly place your bikes.

The fixing system to the carry structure is made by solid bolts, easy to adjust, that do not require drilling of the tube.

Complete with sliding wedges and incorporated Quick straps to easily fasten the wheels of the bike.

KIT PREMIUM S

Kit of 2 hooks that allows to convert Rail Quick and Rail Premium into Rail Premium S. You simply have to unmount standard hooks and replace them with hooks Premium S.

Now rails can slide vertically and horizontally to be adapted to the dimensions of different bikes.

Made with solid stainless steel brackets and complete of elegant plastic grey cover.

The Rail Premium can be installed on most Fiamma Carry-Bikes and other brands.

RAIL PREMIUM

Solid and robust supplementary rail with increased structure. Complete with sliding wedges and incorporated Quick strap to easily fasten the wheels of the bike. Suitable for most bike wheel diameters. Ideal for installation on the motorhome garage floor.

Two models available:

- Rail Premium, 128 cm long.
- Rail Premium E-Bike, 139 cm long, for electrical bikes.

Usable maximum 2 rails E-bike for Carry-Bike, in accordance with the capacity of the Carry Bike.

Carries up to 30 kg.

Rail Premium is standard delivered with the following Carry-Bike models:

- Carry-Bike Pro / Pro C Premium
- Carry-Bike VW T4 D / T5 D
- All version of Carry-Bike DJ
- Carry-Bike 200 D
- Renault Trafic D

German utility model application 20 2008 008 238.2

You can finally install the fan on large size rooflights.

Kit to convert the roof-light into fan. Turbo kit 12 Vdc with telescopic and patented hanging system allows the installation on all roof-lights from 40x40cm (not Fiamma) to 50x70cm when the vehicle is stationary and the roof light is open.

Composed of a ventilation system with a 24 cm diameter fan and 2 telescopic hangers adjustable from 36 to 48cm.

Complete with a supply cable for lighter and a 12Vdc power supply cable for the motorhome's electric installation, that allows the roof-light to function as fan and aspirator, thanks to the manual system of supply polarity's reverse.

Preset to work with batteries (8 batteries of 1,5 V D, not supplied)

Usable also as table or hanging-fan.

Color ivory.

Dimensions: 31x36(48)x10 cm.

TURBO-VENT®

Fresh air in just a few seconds.

Design Model: 402 07 149.2
Utility Models: 20 2004 010 435.0 - 20 2004 013 390.3
European patent: 0 691 227

Turbo-Vent White

Turbo-Vent Crystal

Due to the particular aerodynamic shape no spoiler is needed.

Maximum stability with the center support adjusting arm.

Model	Item No.
Turbo-Vent White	03623F01-
Turbo-Vent Crystal	03623F01B
Turbo-Vent White Sandwich	03623F02-

With Thermostat included
POLAR CONTROL®

The only one that allows
you to save up to 50%
electricity thanks to a
new electronic circuit.

**Turbo-Vent is silent at high
speed and exceptionally silent
at the minimum.**

The Turbo-Vent is a ventilation
system made from high quality
materials, that are shock and
UV-ray-resistant.
It changes and refreshes the air inside
your vehicle within seconds thanks to
the 12V DC variable speed motor with
10 blades.
It is the only one of its kind with an
innovative electronic circuit that allows
a rapid, problem-free, change of
rotation.

The cover can be opened and
closed manually and the central arm
provides stability against strong wind
even when travelling with the cover
open. Supplied with double external
mosquito screen to collect leaves and
other debris.

The transparent grating permits
maximum air circulation and filtering
of light. Can be installed on roofs with
depths of 3cm to 8.5cm using the
optional extension kit.

Colours: outside frame white, inside
frame ivory, cover white or crystal.

TURBO-VENT®

POLAR CONTROL®

The standard delivered Polar Control is the thermostat that regulates the ingoing and outgoing air of the fan according to the inside temperature of the Motorhome. The switch changes the rotation direction of the fan.

Quiet at night thanks to the optimal minimum speed.

Better performance and 50% less consumption thanks to the new electronic circuit and the new motor.

New transparent grating allows maximum air flow and maximum protection.

SANDWICH

SYSTEM

Turbo-Vent is now available with internal fixing Sandwich System without screws.

Feeding tension:	12 Vcc
Absorbed power:	36 W
Min. electric input:	0,3 Amp.
Max electric input:	3 Amp.
Max air flow:	35 m ² /min.
Fan diameter:	300 mm
Permanent air flow:	80 cm ²

TURBO-VENT®

Same features as the Turbo-Vent, but without the Polar Control Thermostat

Excellent reviews on quality and price.

Turbo-Vent P3 Crystal.

Classic and inexpensive line of Turbo-Vent without thermostat.

Same features as the Turbo-Vent. Standard ventilation, without the automatic thermostat Polar Control. New transparent grating allows maximum air flow and passage of light.

With the switch that changes the rotation direction of the fan.

Better performance and less consumption thanks to the new electronic circuit

Extra quiet also at high speed.

German Design Model 402 07 149.2

Rooflight Vent White.

Rooflight Vent Crystal.

The cover can be easily replaced thanks to the quick installation hinges.

Due to the aerodynamic shape no spoiler is needed.

Vent is now available also with internal fixing Sandwich System without screws.

Model	Item No.
Vent White	04328B01-
Vent Crystal	04328B01D
Vent White Sandwich	04328B02-

Excellent performance and elegant!

Aerodynamic, thanks to its elegant external profile top.
 During high-speed testing noise and vibrations were greatly reduced.
 Thanks to the new outside cover and exclusive patented rubber seal, a watertight system guarantees rain streams down without the possibility of it coming in.
 ABE approved.
 Made with high quality UV-ray resistant materials.
 Maximum stability with centre support adjusting arm.
 Can be installed on roofs with depths of 2.5cm to max 5cm.
 For installation on roof with depths of max 8.5 cm, the optional extension kit (Item No. 98683-116) can be used.
 The optional Rollo Vent 40x40 can be fitted to the vent Crystal.
 Interchangeable with the old Fiamma Roof-lights 40x40 and with rooflight from 36x36cm to 42x42cm thanks to the reinforced frame.
 Supplied with permanent air flow ventilation and mosquito screen.
 Outside frame: white.
 Inside frame: ivory.
 Cover: white or crystal.

ROLLO VENT 40

New version of roller blind system, with an elegant and innovative design, suitable for Fiamma 40x40 rooflights

Permanent ventilation thanks to its side inlets.

It's compact thanks to its low profile frame.

Available in two standard models and with perimeter LED lighting system.

The illuminated version is made up of 4 lights, each one with 9 LED lamps low consumption, 12 Vdc.

Absorbed power: 7,2 W.

Electric input: 0,6 A.

Complete with switch.

Easy installation without drilling: use the same fixing points of Fiamma Vent 40 and Turbo Vent 40 frames.

Colour: ivory.

THERMO VENT 40

Insulated vent shield.

Keeps your RV warmer in the winter and cooler in the summer!

Suitable for all rooflights 40x40.

The aluminium surfaces assist by reflecting sunlight and by reducing heatloss.

Dimensions: L40 x W40 x H0,6 cm.

Item No.
03650A01-

SPOILER 40x40

This special spoiler assists by channelling the air smoothly around your existing rooflight and thereby reducing both wind resistance and noise levels.

It is made of UV-resistant ABS plastic.

It is easily installed with the roof vent screws or can be attached with suitable adhesives (Sika).

Designed to fit most sizes of rooflights using the spacers included.

Bidet 200	03483A01-

NEW

New version of Fiamma Aqua 8 iSensor[®] Pump, with variable speed smart electronic system.

The innovative "iSensor" controls precisely the water pressure of the motorhome and regulates the motor speed, with no need of pressure switches.

The vehicle water system has less pressure, and water consumption is reduced, thanks to the constant output flow of water at low flow rate as well.

Excellent quality-price relation.

Similar characteristics like Aqua 8.

New Fiamma Aqua 8 iSensor[®], with electronic flow regulator.

Pressure switch interv. (Psi)	21,75	21,75	21,75

Aqua 8.

E 24 10R-030558

**The perfect spare pump,
interchangeable with others.**

The silent pump!

The only self-priming pump with incorporated filter and anti vibration Silent Plate included.

The Aqua 8 pumps water vertically over 3m with no priming.

The stainless steel filter prevents impurities from entering and is easily cleaned so the pump lasts longer. An automatic pressure switch starts and stops the pump by opening and closing the valve.

Non-toxic materials are used for all parts of the pump that come into contact with water.

The pump is resistant to limestone deposits and oxidation.

It can run dry without damage.

The pump can operate in any position, but we recommend installation by placing the motor on top and the head below to prevent possible damage caused by leaks. Install on a solid surface to reduce noise and vibrations.

Easy maintenance: all its components are easily replaceable. Angle and straight connectors for Ø 13mm pipes included. Standard version with Pressure switch intervention to 1.5 Bar for cumulating Truma boilers.

A20

With A20 you can save up to 28% of electricity!

Made in Italy

The universal expansion tank.

Ideal addition to the AQUA 8, previous models and all other types of pressure switch pumps (for example Shurflo and Flojet).

The new expansion tank eliminates the pulsating operation of pressure switch pumps and supplies a constant flow of water in the required quantity.

It extends the life of the pump and boiler and cuts water consumption.

The internal pressurized diaphragm provides a smooth, surge-free flow of water.

The A20 can be dismantled for diaphragm repair and checks. It is precharged at 0.9 bars (13 psi) but it can be charged with the special valve with a normal compressor so it can be adapted to all pressure switch pumps.
