Trailer tents

2023 COLLECTION

Your holidays deserve the best!

*For over 60 years, Trigano trailer tents have been made
in MAMERS in the Sarthe region of France. The haut-couture name of camping,
with a reputation rooted in long-standing traditions.*

Our expertise is unrivalled in Europe and it's reflected in the quality of our products. The sense of perfection that drives our designers is epitomised in the attention we pay to the choice of materials used. The canvas is an essential component of a trailer tent. That's why we select only the top quality cotton for the roofing and walls - a material that is resistant to water, tearing, damp and that withstands the tests of time. The canvas is breathable and

well-ventilated. We sew our canvas by hand using knotted stitches for added durability in any condition. The trailers, also constructed in our factories in France, are indestructible. We control the entire production line in order to provide trailer tents that stand up to the most temperamental weather conditions and are robust, practical and comfortable.

Watch this video to find out more about our workshops and how we make our trailer tents. You can scan QR codes with your smartphone, with an application that you'll need to install beforehand. You can then access our videos in a single click.

*Holidays in the great outdoors,
with no compromise on comfort!*

TRIGANO's range of trailer tents, thanks to ongoing technical and functional innovations, makes sure that comfort is top of the priority list during your holidays.

Our models are easy and quick to pitch, plus they all come with spacious interiors and an ever-changing choice of shapes and colours, not to mention their multitude of options and handy features.

Discover the full 2023 collection. More detailed information, such as videos of our products and a list of dealers in your area, can be found on our new website: www.trigano-camping.com

Want to get closer to nature? Whether you're with family, friends or just the two of you, you'll find a model in our range to suit you and give you a carefree, relaxing holiday.

**Why not kit yourself out for
the perfect holiday?**

TEXYLOOP®
A CLOSELOOP INDUSTRY

In order to implement a certified environmental approach and manage the life cycle of our products, **here at TRIGANO, we've teamed up with TEXYLOOP to recycle 100% of our PVC canvases.** Recycling is currently the only effective solution we have for limiting our environmental impact and reducing the amount of waste produced. Every ton of new raw material produced by TEXYLOOP recycling equals the same savings in resources and energy. TEXYLOOP is a fully operational industrial recycling process, bringing together a Europe-wide collection network. **TEXYLOOP enables 100% of textile components** to be recycled and helps foster the reuse of fabrics in a variety of ways by businesses.

ACCREDITATION - EC TYPE APPROVAL

All of our trailer tents comply with current European standards and meet the latest road safety requirements.

This means that our trailer tents can be used in all EU member states.

IT'S THE LITTLE DETAILS THAT MAKE ALL THE DIFFERENCE

Easy to tow

Once closed, a Trigano trailer tent is the size of a standard trailer. It can be towed by most types of car, even the smallest models, and has almost no wind resistance. You'll not pay any extra on toll roads. It's also easy to store in winter.

220V plug sockets and USB ports

Stay connected, just like you do at home! The 220V sockets or USB ports are available (as an option or as standard) in certain models.

Blackout sleeping space

For a better night's sleep and a gentle wake-up; The sleeping areas have been designed with darker colours.

Storage space

We know you take a lot of luggage with you on holiday. All our models come equipped with storage space for easy transport. Plus, some models feature the EASY PACK System, allowing for quicker access to your luggage on site.

Groundsheet

Loved by our customers, these sheets are attached to the awnings by a zip fastener, about 10 cm above the ground. They protect you from moisture and insects, while also preventing wind blowing under the awning. You can remove them and refit them whenever you want.

Kitchen Unit

All of our models are available with or without a kitchen unit. These units are attached at the rear of your trailer tent and provide all the space and equipment you need. They can be easily moved so that you can cook outside your awning in good weather (except the fixed kitchen unit on the ITINÉA model). In some models, the kitchen unit may be fitted with wheels.

A good night's sleep

Sleep just as soundly as you do in your own bed! The sleeping spaces are made from cotton, which also serves as a lining for the main canvas, and are fitted with mosquito screens and flaps. The mattresses are wide and comfortable, plus the slatted bases are available on most models. All of our models come with two separate sleeping spaces (except the ITINÉA) and extra sleeping areas can be added (sleeping spaces under the trailer or annexes).

CAMPLAIR

The CAMPLAIR trailer tent is the perfect way to ensure you enjoy comfortable holidays without breaking the bank. Lightweight (less than 500 kg), the CAMPLAIR trailer tent is really easy to two.

Its lightweight design and easy pitching make it ideal for touring holidays. Boasting 4 sleeping spaces as standard and a 9 m² living space, the CAMPLAIR lets you make the most of your holidays, whether it's just the two of you or the whole family. This trailer tent is also fitted with black sleeping spaces, so you can enjoy a better night's sleep with a gentler wake-up.

SPECIAL FEATURES

- Quick and easy pitching
- Extremely spacious with 2 large sleeping spaces, a large living space measuring 2.3 m in depth
- Blackout sleeping spaces

GALLEON

NEW COLOURS

The GALLEON trailer tent is one of our most spacious and comfortable models. Ideal for accommodating the entire family, its modern look and easy pitching make it an extremely popular model. The generous living space is over 3-metres deep and bathed in light thanks to the wide windows. Simply use the blackout blinds to manage how light or dark you want it. Benefit from a range of storage options with an outdoor storage unit (box version) or an outdoor kitchen unit (GL version). The two sleeping spaces provide an inviting, comfortable space with the dark roof creating a softer light effect.

SPECIAL FEATURES

- Easy pitching: With a simple, curved frame
- Very spacious, with 2 large sleeping spaces, a large living space over 3-metres deep and multiple storage spaces
- Outdoor storage unit (on BOX version)
- Blackout sleeping spaces

ODYSSEE

Adventure, nature and freedom... With the ODYSSEE trailer tent, camping holidays that you'll never forget are just around the corner. With wide PVC windows on the front and numerous mesh mosquito screen air vents, everything has been designed to ensure that you get the best lighting throughout the day. By choosing the ODYSSEE trailer tent, you're opting for a compact, lightweight, easy to manoeuvre model. Comfort is guaranteed in this "home from home", with sleeping spaces featuring beds with slatted bases and mattresses with quilted covers. Pitching is quick and easy, with an awning attached at the rear that can easily be unfolded at the same time as the sleeping spaces.

SPECIAL FEATURES

- Quick and easy to pitch: The awning is attached to the rear and unfolds at the same time as the sleeping spaces
- Concealable mosquito screens
- Compact, lightweight and easy to handle
- Easy Pack SYSTEM
- Blackout sleeping spaces

The ODYSSEE tent embodies the essence of the trailer tent and offers family-sized comfort.

ITINÉA

NEW COLOURS

Camping goes upmarket with the ITINÉA trailer tent. This model's luxury features let you enjoy your holiday the way you want. Known for its exceptional comfort and stylish look, this trailer tent is quick to pitch.

In one swift motion, you can enjoy an ultra-bright living space thanks to the wide front windows and side door panels with mosquito screens. The sleeping area, including our new blackout sleeping space, offers complete privacy and comfort. Enjoy a great night's sleep on the wide bed with its slat base and quilted cover mattress. This model comes with a rigid cover with inbuilt rack and braked axle as standard.

SPECIAL FEATURES

- Quick, one step pitching with no pegging
- Bright façade with PVC windows and integrated door (awning option)
- Side panels with windows and mosquito screens
- Slatted bed frame
- Blackout sleeping space

AWNING & SUN CANOPY

CAMPTRAIL

For touring holidays you'll never forget, choose Camptrail! Camping in the great outdoors now means comfort, however you like it. Enjoy the spacious living space that easily fits a table and four chairs. The entrance offers easy access, great ventilation and unrivalled brightness. Storage is readily available and the sleeping space has a ladder for easy access to the sleeping compartment. Designed to be adaptable, this trailer tent features a sun canopy that converts to an awning. For even greater comfort, you can detach the walls and front of the awning. This innovative model lets you to turn the tent into a trailer by simply removing the tent.

SPECIAL FEATURES

- Zipped groundsheet
- Zipped walls and façade
- 1 door + 3 removable panels + removable façade
- Tent unit and towing trailer
- 10 cm high-density foam mattress
- Storage hatch under the bed
- Spacious sleeping space

*The spacious living area will easily fit a table and four chairs.
The entrance and removable panels allow for easy access and add brightness and ventilation. Clever storage spaces provided for small bits. The sleeping space has a compact ladder for access to the sleeping compartment.*
