Comfort and nature

Yes you can have holidays in the open air without giving up anything in terms of comfort!

Trigano constantly updates the technical and functional innovations in our range of trailer tents to make sure your holiday comfort is our top priority. Our models are easy and quick to set up and all come with spacious interiors. The shapes and colours are always changing, and they come with multitude of options and handy features.

Find out about the full 2020 collection here in this catalogue. More detailed information, such as videos of our products and a list of dealers in your area, can be found on our website:

www.trigano-camping.com

Want to get close to nature? Whether with family or friends, or just the two of you, there is sure to be a model in our range to suit you, making for carefree and relaxing holidays.

So why not enjoy perfection on your holidays?

Watch this video to find out more about our workshops and how we make our trailer tents.

Install an application on your smartphone to read QR Codes. You can then access our videos in a single click.

The details that make all the difference

EASY TO TOW

Once closed, a Trigano trailer tent is the size of a standard trailer. It can be towed by most types of car, even the smallest models, offering almost no wind resistance. It is also easy to store in winter.

KITCHEN UNIT

All of our models are available with or without a kitchen unit (except CAMPTRAIL). These units are attached at the rear of your trailer tent and provide all the space and equipment you need. They are mobile so that you can cook outside your awning when it is fine (except the fixed kitchen unit on the ALPHA model). The Odyssee's kitchen can have castors mounted.

STORAGE SPACE

We know you take a lot of luggage with you on holiday. All our models are equipped with storage spaces for easy transport and some models feature the Easy Pack System for easier access to your luggage on site.

GROUNDSHEETS

Acclaimed by our customers, these sheets are attached to the awnings by a zip fastener about 10 cm above the ground. They protect you from moisture and insects, and also prevent wind blowing under the awning. You can remove them and refit them whenever you want.

SLEEPING COMFORT

Sleep as if you are in your own bed! The bedrooms are made from cotton, which serves as a lining for the main canvas, and are fitted with mesh flyscreens and flaps. The mattresses are wide and comfortable and the slatted bases are available on most models. Most of our models offer two separate rooms and you can add extra sleeping areas (underbed tents or annexes).

Your holidays deserve the best!

Trigano trailer tents have been made in Mamers in the Sarthe region of France for over 60 years. Camping haute couture has a name and its reputation is founded on a long-standing tradition.

Our know how is unique in Europe and is reflected in the quality of our products. The sense of perfection that drives our designers is epitomised in the attention we pay in the choice of materials used. The canvas is an essential component of a trailer tent. That's why, for the roofs and walls, we have selected top quality cotton that is resistant to water, tearing, humidity and the tests of time.

The canvas is breathable and well-ventilated. We sew our canvas ourselves by hand using knotted stitches for durability in all conditions. The trailers, also constructed in our factories in France, are indestructible.

You can see how we control the entire production line in order to provide trailer tents that stand up to varied weather conditions and are robust, practical and comfortable.

Trigano's commitment

REDUCING OUR
ENVIRONMENTAL IMPACT WITH

TEXYLOOP®
A CLOSELOOP INDUSTRY

In order to implement a certified environmental approach and manage the life cycle of our products, Trigano has joined with Taxyloop, a collection organisation, to recycle 100% of our PVC canvases. Every ton of new raw material produced by Taxyloop recycling gives a corresponding saving in resources and energy. Taxyloop enables 100% recycling of textile components and promotes the emergence of businesses reusing and repurposing canvases in new applications.

EUROPEAN
CERTIFICATION, A MARK
OF TRUST

All our trailer tents are certified to current European standards and meet all the latest road safety requirements. It is therefore possible to use our trailer tents within all EU member countries.

GALLEON

The Galleon trailer tent is one of our most spacious and comfortable models. Ideal for accommodating the entire family, its modern look and easy set-up make it an extremely popular model.

The generous living room is over 3-metres deep and bathed in light from the wide windows. Simply use the blinds to manage the light levels.

Enjoy the many storage options with an outdoor storage unit (box version) or an outdoor kitchen unit (GL version). The two bedrooms provide an inviting, comfortable space with the dark roof creating a softer light.

SPECIAL FEATURES:

- Easy set-up: with its simple, curved frame
- Very spacious with 2 large bedrooms, generous living room over 3-metres deep and multiple storage options
- Outdoor storage unit (box version)

The Galleon trailer tent features one of the most spacious living rooms.

ODYSSÉE NEW

Adventure, nature and freedom... With the Odysée trailer tent, memorable camping holidays are just around the corner. With wide PVC windows on the front and numerous mesh flyscreen vents, everything has been designed to ensure exceptional lighting throughout the day.

By embracing the Odysée trailer tent, you are choosing a compact, lightweight, easy to manoeuvre model. And it doesn't lack in comfort! With bedrooms featuring slatted base beds and mattresses with quilted covers, it is like a "home from home" while you are on holiday. This trailer tent is quick and easy to set up utilising the "pram type design", to enable the awning to be set up at the same time as the sleeping area.

SPECIAL FEATURES:

- Quick and easy to set up: The awning is attached to the rear and unfolds at the same time as the bedrooms
- Mesh flyscreen vents with blinds
- Compact, lightweight and easy to manoeuvre
- Easy Pack system

The Odysée builds on the basics of the trailer tent, whilst confirming its family and price appeal.

ALPHA

Camping goes upmarket with the Alpha trailer tent. This model provides luxury features so you can enjoy holidays your way. Envied for its exceptional comfort and elegance, this trailer tent is quick to set up.

In only one step, you can enjoy an ultra-bright living space with wide front windows and side door panels with mesh flyscreens. The sleeping area provides privacy in utter comfort. Fall asleep on the wide bed with its slat base and quilted-cover mattress.

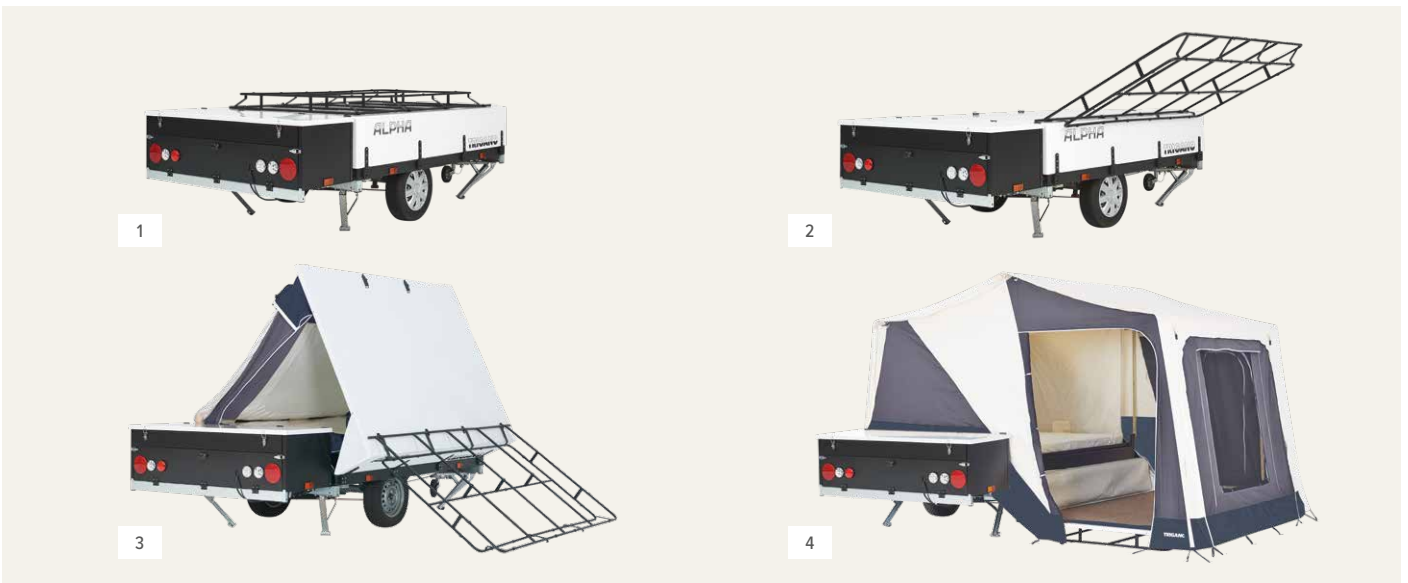

This model features a rigid cover with inbuilt rack and braked axle as standard.

SPECIAL FEATURES:

- Quick set-up in one step with no pegging
- Bright front with PVC windows
- Side door panels: with door and mesh flyscreen

The Alpha model boasts luxury features. It is ultra-compact and ideal for touring, without compromising on comfort.

CAMPTRAIL

For memorable touring holidays, choose Camptail! Camping in nature is now comfortable and configurable. Enjoy the spacious living room which comfortably fits a table and four chairs.

The three entrances provide easy access, great ventilation and unrivalled light. Storage is readily available and the bedroom has a ladder for easy access to the sleeping compartment. Designed to be scalable, this trailer tent features a sun canopy that converts to an awning.

For even greater comfort, you can detach the walls and front of the awning. This innovative model enables you to turn the tent into a trailer by simply removing the tent from it.

SPECIAL FEATURES:

- Groundsheet secured by self-latching strips
- Detachable walls and front using the self-latching strip and zips
- 3 entrances
- Tent module and trailer
- 10 cm high density foam mattress
- Storage hatch under the bed
- Spacious bedroom

The spacious living area can easily hold a table and four chairs.
 The three entrances make it easy to step inside and they also introduce light and fresh air.
 Clever storage is provided for smaller items.
 The bedroom is accessed using a compact ladder.

CAMPRIDER

The Camprider trailer tent holds many surprises! This innovative concept imagines trailer tents in a new light by enabling the tent module to be detached from the trailer. Camprider meets the needs of those seeking comfort and space for their holidays.

The space this model provides is impressive, with a huge living room, spacious sleeping area and numerous storage options. You will also enjoy a 15 cm-thick mattress with quilted cover. With detachable walls and front, and mesh flyscreens on the doors and windows, practicality is the watchword here. This robust, stable trailer tent also features a braked axle and spare tyre.

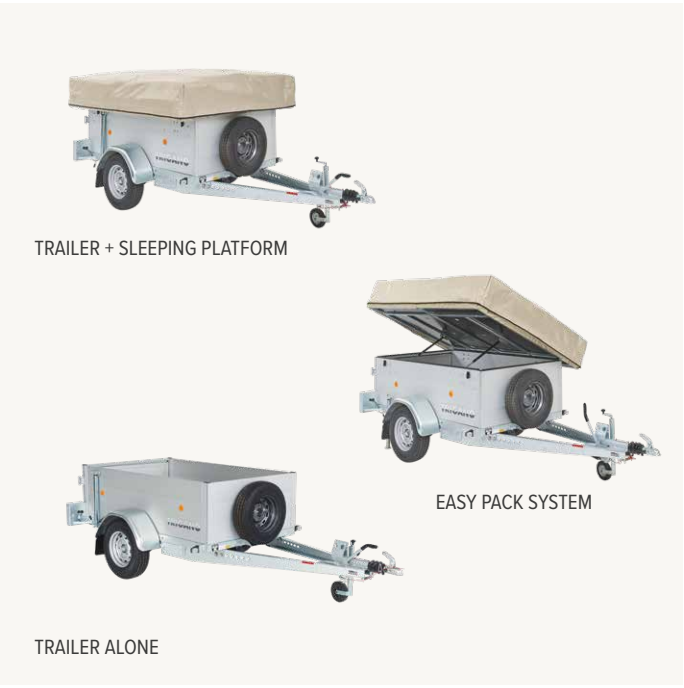

SPECIAL FEATURES:

- Zipped detachable walls and front
- Large, spacious bedroom
- Tent tray can be unlatched and the Easy Pack removed when using the trailer by itself
- 15 cm high density foam mattress

A 2-IN-1 CONCEPT

A trailer tent of course, and much more!
